St. Göransgatan, 143
10545 STOCKHOLM, Sweden

Mark awarded:

Test report(s): 5010-18-AA-22-PP006

Certificate number: 109943B7-A3

Valid from: 01.07.2022

Valid until: 30.06.2023

This certificate shall be valid provided that the SLG test plans do not change and the product itself is not modified in any way. The mentioned product was tested regarding its sound quality according to SLG test plans and achieved the classification as shown in the pictured test mark.

The approval holder shall be entitled to use the pictured test mark in connection with the product. This certificate only applies to the product specified above. The entitlement to use the test mark entails monitoring of the product by the certification body. The manufacturer shall ensure that all requirements guaranteeing a conforming production are met and shall accept the necessary monitoring measures. In case the conditions for awarding this certificate are no longer met the certification body shall be entitled to withdraw the certificate.

SLG file no.: 5010-18-AA

This certificate is based on the SLG Regulations
for Testing and Certification of Products.
